**The McCartney Project**

The McCartney Project is America's #1 Paul McCartney, Wings and The Beatles tribute. Their show is more than a concert; it's an "experience"! Their authentic tribute starts with left-handed, sound-alike, look-alike Tony Burlingame as Paul McCartney playing the iconic Hofner violin bass. Tony is backed by the talented McCartney Project band that recreates Sir Paul's music note-for-note. They even have their own "Linda". You will recognize every song as they recreate the best of the Beatles and the monster hits of Wings. The show is family friendly, covering more than three decades of music, great for all ages.
