

Communications Committee Meeting Minutes
Of July 16, 2025

Committee Members Patti Cummings, Mary Kelley, Mike Stropes, and Linda Lynch were in attendance, along with Board Liaison Chris Kozak.

- I. The June 2025 minutes were reviewed and approved.
- II. Linda confirmed that the general hurricane prep article and three other hurricane-related articles written for SSEP (flying objects, generator dos and don'ts, role of SSEP in hurricanes/emergencies) had run in the July issue of the online magazine and will run again in August. Another article about info residents should share with the HOA (emergency contact, seasonal address, home watcher authorization) will also run in August.

Joyce may also run these as appropriate in the weekly HOA Newsletter.
- III. Becky Gignac, Online Magazine Coordinator, will check with the publisher to see if it's possible to run a copy of the HOA/HGRD Governance Structure document in the magazine. If so, we will determine optimal timing and what should accompany it for clarity.
- IV. Linda will check with Joyce about the replacement for HG Gems so we can include an article about it in the online magazine and the weekly newsletter.
- V. Mike, with the help of AI, had developed an article about palm rats and how to best deter them. The group felt the information would be helpful to residents, so Linda will submit this article for the next online magazine.
- VI. The Committee discussed timing of HOA informational articles for future issues of the online magazine and weekly newsletters. Linda will compile and put into a schedule.
- VII. The next meeting will be held on Wednesday, September 17, at 1 pm in the HOA Conference Room. Linda will participate via Zoom.
